TAOS
OUR MOUNTAIN AND OUR TOWN
Taos is a fascinating and enchanting blend of diverse cultures, ancient history, world-class art, and amazing New Mexican cuisine all set amid an inspiring landscape. Discover a soul-satisfying mix of adventure, art, and rejuvenation.

Spend quality time in the crisp, clean, mountain air of Taos Ski Valley surrounded by awe-inspiring, high-alpine beauty. Horseback ride, hike, picnic, rock climb, or fish along the mountain streams and meadows surrounded by wildflowers and golden aspen groves.

With an attitude of gratitude, in our sacred surroundings, everything is possible.
Treat yourself to cool nights and invigorating mornings in Taos Ski Valley. Thill seekers can ascend Wheeler Peak, the highest in New Mexico while chill seekers can take the chair lift up for a refreshing picnic at 12,000 feet or simply soak up the sun on the deck of the Bavarian Restaurant.

Enjoy live music and the Taos Farmers Market on the town’s plaza. Stroll the historic district, galleries, and museums. Explore miles of hiking trails or relax under our impossibly blue skies in the fresh, dry air scented by piñon pine and sagebrush. Nourished by sun, endless vistas and refreshing rainstorms, you will come away energized and enlivened by a summer visit to Taos.

Be inspired by mountain biking and hiking trails in Carson National Forest and Northside Recreation Area trails in Taos Ski Valley. The West Rim Trail near the Rio Grande Gorge Bridge offers flat and rolling terrain with views of the surrounding mountain ranges. For hiking, those desiring trails with steeper pitch and cooler temperatures can head to Bull-of-the-Woods, Williams Lake, South Boundary, or Wheeler Peak Summit.

CULTURE IN TAOS
THREE DISTINCT CULTURES, ONE TOWN

The culture of Taos is a vibrant, historical tapestry of Native American, Spanish and Anglo-American traditions that continue to evolve as newcomers add their threads.

The Taos Pueblo people were first to arrive here more than 1,000 years ago, recognizing the sacred beauty and magic of our expansive plateau ringed by soaring peaks. Their thread has been joined by many other colorful, and often divergent threads. Fur traders and mountain men, European skiers, artists, socialites, visionaries and explorers of both physical and spiritual realms entwined to produce a fascinating people.

The depth and diversity of our culture delights with each passing sunset, making Taos a place one has to experience firsthand, more than once, to even begin to grasp the multi-faceted nature of the place.

ADOBE HORNO
For hundreds of years, Taoseños built sustainably with mud bricks or adobe. From historic churches and homes, to outdoor wood-fired ovens (hornos), this form of traditional architecture persists. Made of handcrafted adobe mud (a mix of local dirt, straw, and water) these structures are thermally stable and sustainable.
Taos nurtures a prolific, widespread and substantive art scene that draws from its rich and diverse cultural heritage. You will find everything from the works of plein air painters, their easels set up on street corners or in fields. The visual treat of dancers retracing age-old steps on Taos Plaza and the writings of local wordsmiths toiling away in quiet rooms. Plus a multitude of galleries, studios and stores filled with all manner of captivating local artwork.

Taos has long attracted those who seek deep relaxation and renewal. Brilliant natural beauty beckons you to slow down and deeply inhale the clean, dry air. Explore the expanse of our peaks, National Forests, mesas, rivers and quiet mountain meadows. Ease yourself into the soul-healing warmth of a natural hot spring while the scent of wild sage after an afternoon rain wafts on the mellow breeze. Experience the calm and quiet of our star-filled skies.

GEORGIA O'KEEFFE
Perhaps America’s best and most famous artist spent the latter half of her life in northern New Mexico. O’Keefe’s paintings of Pedernal made this distinctive flat-topped mountain famous. “God told me if I painted it enough I could have it,” she said. The land, its light, and its cultural depth inspired her. See an original O’Keefe at The Blake in Taos Ski Valley.
PETROGLYPHS
The region’s ancient peoples left a mysterious and striking record of their worldview, their physical realm, and their relationship to the spirit world on the boulders and cliffs that surround Taos. Find petroglyphs in the Bureau of Land Management’s Orilla Verde Recreation Area.
