Feedback/Services:

Suggestions to encourage/help filmmakers in Taos, New Mexico:

Based on the information provided, if there is a potential impact to the Town of Taos operations such as safety, use of town property or town facilities, the project will need to be reviewed by the Development Review Committee (DRC) consisting of Town of Taos Administration, Legal, Public Safety, Public Works and/or Facilities Department.

If working on a state road, New Mexico Department of Transportation will have to be notified and a permit will have to be issued. Please plan accordingly to allow enough time (a minimum of 30 days) for the permit to be processed.
